You agree that you are solely responsible for determining the amount of any taxes that you may owe as a result of this Agreement, the ICO, BNK and usage of BNK, and are solely responsible to collect, report and remit any such taxes required under law applicable to you. You shall declare, bear and pay all such taxes, duties, imposts, levies, tariffs and surcharges that might be imposed by the laws and regulations of any jurisdiction as a result of or in connection with the receipt, holding, use, purchase, appreciation or trading of BNK (no matter whether acquired by participating in the ICO

or otherwise acquired). You acknowledge and agree that Bankera has no responsibility to collect, report or remit any applicable taxes in connection with this Agreement, the ICO, BNK and usage of BNK. You hereby agree to fully indemnify, defend and hold Bankera (and its affiliated entities) harmless from any and all claims, demands, damages, awards, fines, costs, expenses and liability in any way associated with the foregoing obligations or otherwise with respect to any claim, demand or allegation of any tax in any way associated with this Agreement, the ICO, BNK and usage of BNK.

- 11.2. You shall be solely liable for all tax related penalties, claims, fines, punishments, liabilities or otherwise arising from your underpayment, undue payment or belated payment of any applicable tax. Bankera provides no advice and makes no representation as to the tax implication of any jurisdiction.

12. RISKS

- 12.1. You should peruse, comprehend and carefully consider or seek legal advice as to the risks described below in addition to the other information stated in this Agreement, the Whitepaper, the Website or elsewhere before deciding to participate in the ICO. Participating in the ICO will be deemed as you having accepted all the risks outlined in this Agreement.
- 12.2. BNK price may experience extreme volatility. Cryptographic tokens or cryptocurrencies have demonstrated extreme fluctuations in price over short periods of time on a regular basis. You must be prepared to accept similar fluctuations in BNK value. Such fluctuations are due to market forces and represent changes in the balance of supply and demand. Bankera cannot and does not guarantee any market liquidity for BNK. Additionally, due to different regulatory requirements in different jurisdictions, the liquidity of BNK may be markedly different in different jurisdictions.
- 12.3. While some of cryptographic tokens or cryptocurrencies may have been relatively stable, it is possible that their values may drop significantly in the future, which may deprive Bankera of sufficient resources to continue to operate.
- 12.4. Cryptocurrencies are being, or may be, scrutinized by the regulatory authorities of various jurisdictions. Bankera may receive queries, notices, warnings, requests or rulings from one or more regulatory authorities from time to time, or may even be ordered to suspend or discontinue any action in connection with Bankera, as well as be impacted by one or more regulatory inquiries or regulatory actions, which could impede or limit the ability of Bankera to further conduct business. The development, marketing, promotion or otherwise of Bankera may be seriously affected, hindered or terminated as a result.
- 12.5. Advances in cryptography, such as code cracking or technical advances such as the development of quantum computers, could present risks to all cryptocurrencies, including BNK. This could result in the theft, loss, disappearance, destruction or devaluation of BNK. It is impossible to predict the future of cryptography or the future of security innovations to an extent that would permit Bankera accurately guide the development of BNK to take into account such unforeseeable changes in the domains of cryptography or security.
- 12.6. Bankera cannot guarantee the software used by Bankera to be flaw-free. It may contain certain flaws, errors, defects and bugs, which may disable some functionality for users, expose users' information or otherwise. Such flaw would compromise the usability and/or security of BNK and consequently bring adverse impact on the value of BNK.
- 12.7. Ethereum is an open source project and supported by the community. Bankera does not lead the development, marketing, operation or otherwise of Ethereum. Anybody may develop a patch or upgrade of the source code of Ethereum's source without prior authorization of anyone else. The acceptance of Ethereum patches or upgrades by a significant, but not overwhelming, percentage of the users could result in a "fork" in the blockchain of Ethereum, and consequently the operation of two separate networks and will remain separate until the forked blockchains are merged. The temporary or permanent existence of forked blockchains could adversely impact the operation and the market value of BNK and in the worst-case scenario, could ruin the sustainability of BNK.

While such a fork in the blockchain of Ethereum would possibly be resolved by community-led efforts to merge the forked blockchains, the success is not guaranteed and could take long period of time to achieve.

- 12.8. The Ethereum source code and the software used by Bankera could be updated, amended, altered or modified from time to time by the developers and/or the community of Ethereum. Nobody is able to foresee or guarantee the precise result of such update, amendment, alteration or modification. As a result, any update, amendment, alteration or modification could lead to an unexpected or unintended outcome that adversely affects BNK's operation or market value.
- 12.9. The blockchain rests on open-source software. Regardless of Bankera's effort to keep the blockchain secure, anyone may intentionally or unintentionally introduce weaknesses or bugs into the core infrastructural elements of Bankera. This could consequently result in the loss of BNK held by you.
- 12.10. The loss or destruction of a private key required to access BNK may be irreversible. You are required to safeguard the private keys relating to your own BNK wallets. To the extent such private key is lost, destroyed or otherwise compromised, neither Bankera, nor anyone else will be able to access the related BNK.
- 12.11. BNK is not a currency issued by any individual, entity, central bank or national, supra-national or quasi-national organization. The circulation and trading of BNK on the market depends on the consensus on its value between the relevant market participants. Nobody is obliged to redeem or purchase any BNK from any user or BNK holder. Nor does anyone guarantee the liquidity or market price of BNK to any extent. Bankera has no control over market price or liquidity of BNK once BNK start to trade in the open market.
- 12.12. It is possible that Bankera's product and services or BNK will not be used by a large number of individuals, businesses and other organisations and that there will be limited public interest in the creation and development of its functionalities. Such a lack of interest could impact the development of Bankera's business.
- 12.13. Bankera, as developed, may not meet your expectations. You acknowledge that Bankera is currently under development and may undergo significant changes before release. You also acknowledge that any expectations regarding the form and functionality of Bankera held by you may not be met upon its release for any number of reasons, including a change in the design and implementation plans and execution of the implementation of Bankera. Furthermore, you acknowledge that Bankera project may never be fully completed or released.
- 12.14. You understand and accept that hackers or other groups or organisations may attempt to steal BNK or otherwise interrupt or cease Bankera's business or usage of BNK.
- 12.15. Except for historical information, there may be matters in this Agreement, the Website, the Whitepaper or elsewhere that are forward-looking statements. Such statements are only predictions and are subject to inherent risks and uncertainty. Forward-looking statements, which are based on assumptions and estimates and describe Bankera's future plans, strategies, and expectations are generally identifiable by the use of the words 'anticipate', 'will', 'believe', 'estimate', 'plan', 'expect', 'intend', 'seek', or similar expressions. You are cautioned not to place undue reliance on forward-looking statements. By its nature, forward-looking information involves numerous assumptions, inherent risks and uncertainties both general and specific that contribute to the possibility those predictions, forecasts, projections and other forward-looking statements will not occur. Those risks and uncertainties include actors and risks specific to the industry in which Bankera operates as well as general economic conditions and prevailing exchange rates and interest rates. Actual performance or events may be materially different from those expressed or implied in those statements. All forward-looking statements attributable to Bankera or persons acting on behalf of Bankera are expressly qualified in their entirety by the cautionary statements in this section. Except as expressly required by the applicable law, Bankera undertakes no obligation to publicly update or revise any forward-looking statements provided in this publication whether as a result of new information, future events or otherwise, or the risks affecting this information.

None of Bankera, its officers or any person named in this Agreement, the Website, the Whitepaper or elsewhere with their consent, or any person involved in the preparation of this Agreement, the Website or the Whitepaper, makes any representation or warranty (express or implied) as to the accuracy or likelihood of fulfilment of any forward-looking statement except to the extent required by law.

- 12.16. The Internet industry is comprised of a number of participants and is subject to rapid change and competition Bankera faces from other organisations, some of which may have greater financial, technical and marketing resources. Increased competition could result in under-utilisation of employees, reduced operating margins and loss of market share, especially Bankera's first mover status. Any of these occurrences could adversely affect the Bankera's business, operating results and financial condition. The possibility remains that the fundamental business model may not achieve any traction due to an existing or new entrant offering a similar solution or that the general public do not see it as part of their future. The targets and business valuation inherent in the Website, the Whitepaper or elsewhere are based on Bankera's management personal experience, contacts and feedback from the market. There can be no assurance that these reflect the actual reality of the opportunity or that will be able to compete successfully against current or future competitors. You are encouraged to seek professional advice when assessing the understanding of Bankera's business model metrics and projected returns and values as presented by directors in this Agreement, the Website, the Whitepaper or elsewhere.
- 12.17. You acknowledge and agree that in no event shall Bankera be liable or responsible for any loss in any way arising out of your participation in the ICO, receiving and holding BNK, or use of the Website and Bankera is hereby released by you from liability for any and all such loss.

- 13.2. You may be required to provide Bankera with certain personal information, including but not limited to, your name, address, telephone number, email address, date of birth, personal code, passport, utility bills, proof regarding source of funds, etc. Bankera may also require you to answer certain questions or take certain actions in order to verify your identity or comply with applicable law. In submitting this personal information, you verify that the information is accurate and authentic, and you agree to update it if any information changes. You hereby authorize Bankera to directly make any inquiries we consider necessary to verify your identity and/or account information, and request and obtain any consumer report or similar information relating to you and to take action we reasonably deem necessary based on the results of such inquiries.
- 13.3. Use of BNK is subject to international export controls and economic sanctions requirements. By acquiring BNK, you represent and warrant that your acquisition comports with and your use of the item will comport with those requirements. Without limiting the foregoing, you may not acquire BNK if you are on any sanctions list or you intend to use BNK in association with any persons or entities that are listed on any sanctions list.
